

What Are NDR Digital Signature Badges?

Galen Center for Professional Development (GCPD) is pleased to announce its partnership with BadgeCert Inc., a leader in digital credentialing and professional recognition. The partnership allows certificants who complete Nurse Development Resources® E-learning modules to not only earn ANCC continuing education credit but to immediately display a secure and verifiable digital badge on social networks, resumes, email signatures and websites.

In today’s digital world, nursing professionals want the option to share their credentials online. Digital badges are used in professional and social networking environments to recognize achievements and establish credibility in real time with a single click.

BadgeCert digital badges are third-party verifiable icons that are packed with information or “metadata” about us as an issuing organization, as well as when and how the credential was earned and when it will expire. Our badges represent knowledge competency in safe practice, the business side of nursing care, reduction of hospital associated conditions and patient/family experience.

How to Earn Badges with Continuing Education Credit:

Successful completion of the following modules or module groups result in award of **NDR Adult Core Digital Signature Badges**:

<p>Safe Practice Foundations Module Group 7.46 CE</p>	<p>Communication Patient & Family Experience 0.93 CE</p>	<p>Evidence Based Practice 0.67 CE</p>
		
<p>CLABSI Ventilator Associated Events 0.74 CE</p>	<p>Business of Caring 0.15 CE</p>	<p>The Outcome Driven digital badge represents successful completion of all E- learning modules. 9.95 CE</p>
		

APPENDIX B: NDR DIGITAL SIGNATURE BADGES FAQ

Successful completion of the following modules or module groups result in award of **NDR Pediatric Core Digital Signature Badges**:

12 Individual Modules related to Safe Practice 6.39 CE	Communication Patient & Family Experience 1.23 CE	Evidence Based Practice 0.60 CE
		
CLABSI 0.58 CE	Business of Caring 0.15 CE	The Outcome Driven digital badge represents successful completion of all E-learning modules. 8.95 CE
		

*Contact hours are awarded based on completion of all assigned curriculum. Completion of 100% of assigned curriculum, a score of 100% on each knowledge assessment and completion of all curriculum evaluations will render a minimum award of 0.15 contact hour to a maximum of **9.95 contact hours for adult core** curriculum and **8.95 contact hours for pediatric core** E-learning curriculum.

The continuing education credit awarded to you will depend on the curriculum modules assigned. For more information regarding contact hours, please e-mail Susan Mahoney, Lead Nurse Planner at smahoney@galencpd.com.
